

**SAN MIGUEL
CORPORATION**

YOUR WORLD MADE BETTER

San Miguel Corporation is one of the Philippines' largest and most diversified conglomerates, with sales accounting for 5.9% of the country's gross domestic product in 2018. We are a beverage and food company, but we are also an oil refiner and marketer, a power generation company, and a builder and operator of vital infrastructure projects.

As a leading Philippine company, we are giving our nation all the support it needs to expand and grow. With the completion of our subsidiary Petron Corporation's US\$2-billion refinery upgrade, we will improve the country's fuel security and lead in the production of more efficient and environment-friendly fuels.

It's one of the many things we do to help build a better world for the next generation.
