SM readies P150-B expansion, upgrade push through 2030

SM SUPERMALLS is earmarking more than P150 billion in capital expenditure (capex) to fund major redevelopments and build new lifestyle malls over the next five years, its president said.

“We’re going heavy on redevelopment. That’s why we really allotted P150 billion in terms of capex. But that’s half-half for new malls and also for expansion and redevelopment,” SM Supermalls President Steven T. Tan said during a briefing on Thursday.

The capex will be financed through a combination of borrowings and internal funds.

The company said the investment covers 16 major redevelopments and 12 new lifestyle malls, as part of a portfolio-wide transition to greener, more innovative, and more people-centered destinations by 2030.

Among the properties to undergo redevelopment are SM Megamall in Pasig City and SM North Edsa in Quezon City, with an allocation of about P9 billion each.

SM SUPERMALLS, a unit of SM Prime Holdings, Inc., is one of Southeast Asia’s largest mall developers with 88 malls in the Philippines.

For SM Megamall, Mr. Tan said the company will add more parking spaces and an indoor rooftop garden.

The company aims to modernize its existing malls with “open-air promenades, lifestyle zones and sustainable features.”

“It’s going to be very, very exciting because we also engage global architects to really help

us develop all these malls,” Mr. Tan said.

For this year, the company said it is on track to open SM City La Union next month, while SM City Zamboanga’s opening has been moved to the first quarter of 2026.

“Because of some delays in the construction because of the distance. A lot of contractors are from Manila and they have some

difficulty with the manpower. But I’ve seen the progress, and we’re ready to open that first quarter next year,” Mr. Tan said.

Over the next five years, SM is targeting the development of landmark flagship malls every year. These include SM Sta. Rosa in Nubali slated for completion by 2026; Harrison Plaza in Manila by 2027; SM Malolos in Bulacan by 2028; Cavite by 2029; and Pasay by 2030.

Aside from building new malls, he said the company is relying on its redevelopment and expansion initiatives to meet its target of 100 malls in its portfolio by 2027.

“We’re not just growing here in Metro Manila or in Luzon, but we are also expanding our footprint all the way from Visayas to Mindanao. And we’re not just opening regular malls in those areas, we’re also opening flagship malls because if the market is ready, we’re there to serve them,” Mr. Tan said.

SM Supermalls, a unit of SM Prime Holdings, Inc., is one of Southeast Asia’s largest mall developers with 88 malls in the Philippines.

SM Prime shares rose by 1.32%, or 30 centavos, to P23 apiece on Thursday.

Suntrust acquires 40% stake in WBHC, gains indirect interest in casino project

LISTED casino developer Suntrust Resort Holdings, Inc. said it has acquired a 40% stake in Westside Bayshore Holding Corp. (WBHC) after subscribing to 400 million common shares in the company to fast-track the development of the Westside Integrated Resort Project in Parañaque City.

In a stock exchange disclosure on Thursday, Suntrust said the shares represent 40% of WBHC's total outstanding and issued common shares. WBHC is a subsidiary of Tan-led Travellers International Hotel Group, Inc.

“Through this acquisition, Suntrust will effectively hold an indirect interest in Entertainment City Resorts Corp. (ECRC), a subsidiary of WBHC, which assumed all rights and obligations related to the Westside Integrated Resort Project to ensure its timely construction, development, completion and operation,” the company said.

The development follows Travellers International's move to gain control of the Westside project under a strategic working agreement with Suntrust, ECRC, Westside City, Inc., and WBHC.

The \$1.2-billion integrated resort, initially targeted for completion in December 2025, is now expected to open in the third quarter of 2026.

The project will feature a five-star hotel, casino, mall, and theater complex. It will have 475 rooms and suites, a pool deck, spa, wellness center, ballroom, theaters, a grand opera house, a performing arts theater, a mall with food and beverage and retail outlets, four cinemas, and a parking facility with more than 1,000 slots.

The casino will have 281 gaming tables, 1,126 slot machines, and 134 electronic table games.

Located in Parañaque's Entertainment City, Westside will rise alongside integrated resorts such as Okada Manila, Solaire Resort, and City of Dreams Manila.

On Thursday, Suntrust shares rose by 1.61% or one centavo to close at 63 centavos each. — **Beatriz Marie D. Cruz**
